

FOUR CORNERS POWER POINT PRESENTATION SCRIPT

INTRO:

We wanted to do something good for Marketers, so you can have a **real home**, with no fear your program, income and reputation will vanish overnight while you sleep.

Four Corners Alliance Group is **EXACTLY** what you've been looking for.

It is an intelligent, fast moving business model, built on a solid platform of technical know-how, business experience, professionalism and integrity.

Four Corners is designed to benefit the small networker whilst at the same time, skyrocketing your income if you are a serious team builder ... *here, let me explain*

The Four Corners compensation plan is a dual 2x16 matrix business model, with a generous 90% of income from the sale of products and monthly subscriptions being paid back to our members. This payout is split equally between the person receiving the commission AND *this is where the magic starts to happen* THAT PERSON'S SPONSOR.

In the first instance, this inspired compensation plan can generate \$9 million in Affiliate commissions together with \$120,000 in monthly residual commissions – creating a team build which benefits small and large networkers alike as everyone earns commissions from the building happening above and below them.

HOWEVER ... the true magnitude of the income potential become apparent when large team builders realise that they can see THEIR income increase MULTIPLE TIMES through the hefty matching commission which they receive EVERY SINGLE TIME one of their personally sponsored members receives a commission!

Yes, you heard that right! You may want to rewind and listen to that again! ☺

And all it takes is just an affordable \$15 to get started.

This low cost entry, no further out of pocket expenses, high income potential, combined with its solid foundations and our precious metals discount club, makes Four Corners Alliance Group the obvious choice for serious Marketers looking for a stable, trustworthy environment in which to grow their business and secure their future.

On behalf of the person who invited you to this page, we welcome you and look forward to working with you.

OVERVIEW

So, what is Four Corners Alliance Group all about?

4C is based on a rock solid foundation of

- unique, high quality information products,
- a powerful, topical monthly newsletter,
- fully active, e-commerce ready Retail Store, and
- a professional, members only business management backoffice full of resources to help you grow your business

You can learn more about each of the above important building blocks of this business by clicking on the relevant link to your right, however, in this video, we'd like to specifically talk about the following –

1. The FIVE income streams which result from just one team build
2. The Four Corners Precious Metals Club, and
3. The rock solid infrastructure which allows you to confidently build your business without the risk of loss of momentum and your credibility.

Let's start with the FIVE income streams

FIVE INCOME STREAMS

The 4C business model has been intelligently designed to give you two compensation plans which work side by side, generating a total of FIVE income streams from just the one team build.

How's that for a stroke of pure genius?!

The two compensation plans are as follows -

1. A uni-level direct selling plan which generates commissions every time someone purchases a product. This gives the qualifying sponsor instant commissions which can add up to a VERY significant amount as increasing numbers of people purchase products of increasing value. Also,
2. A simple and powerful network marketing plan which creates a massive monthly residual income from subscriptions paid by members in your downline for the monthly newsletter.

AND HERE'S THE POWER BEHIND THIS CONCEPT

Our members will receive commissions WHETHER OR NOT the member buying the product or paying the subscription was introduced by them or simply was "spilled / added" into their downline from the activity of members above or below them, thus HELPING their downline grow!

AND

If you actively grow your business, you stand to multiply your income MANY time over through the matching commissions you receive each time someone you personally introduced to the business, receives a commission.

This unique combination means that the new or small networker benefits hugely from the momentum generated by those actively building the business above and below him and, the active business builder is additionally rewarded many, many time over by the matching commissions – **just as he or she should be!**

Therefore, as a member of Four Corners Alliance Group, you can expect your income to grow in FIVE ways

Income Stream 1: Affiliate Commissions from products purchased or sold

Income Stream 2: **Sponsor's Matching Commissions** on Affiliate Commissions

Income Stream 3: Commissions from Newsletter Subscriptions

Income Stream 4: **Sponsor's Matching Commission** on Newsletter Subscription Commissions

Income Stream 5: Retail Commission – that is, commissions on products sold from your Retail Store

These FIVE different types of income are explained in detail elsewhere on this website. Simply click on the relevant link in the menu to your right to go there.

How much can you earn?

Well, your earning potential is unlimited and is influenced by the effort you put into building your business, together with the efforts of those above you and below you building **their** business. Remember – this is a real business, and whereas it can create a strong income for anyone, anywhere in the world, it is also designed to create a **massive income** for active builders.

So, how much you earn, quite frankly, is entirely up to you! 😊

Now let's talk about the Four Corners Precious Metal Club

Precious metals club

We are excited to announce that in keeping with our aim of giving our members a cutting edge advantage, not only do we help you create a healthy income, Four Corners has also pulled out all the stops to bring our membership the exclusive privilege of buying precious metals at discounted prices – **but only if they want to.**

The metals company we are associated with is not some little online coin dealer it is a MONSTER. One of the largest in the world - their process extends from owning the land, mining the metals, refining them, all the way to it arriving at your door. Or if you prefer, there are 6 secure repositories in Europe and Asia where you can store your precious metals. The products will consist of suisse pamp, bars, ingots and other popular items in silver, gold, platinum and palladium – including minor metals and oxides of rare earth elements thrown in for good measure!

In these days of economic turmoil, precious metals are hugely in demand and we are aware that our membership will explode because of the discount we have been able to negotiate for members who qualify. However, instead of making precious metals a compulsory purchase as part of the compensation plan and thus inflating prices just to pay it out in commission, **WE ARE CHANGING THE GAME**. As an active member in 4corners you can qualify to buy gold, silver and other precious metals at very nice discounts, **but ONLY if you choose to**.

And how do you qualify to be a member of the exclusive Four Corners Precious Metals Club? You simply ensure that you are an active subscriber to the monthly newsletter. This is, after all, where you will get those all important nuggets of information which will **ensure** your money works for you – and not the other way around!
